BENEVOLENCE SUNDAY—June 29th

FROM THE MINISTER:

Wonderful News. Sunday morning RHONDA HILL was baptized into Christ. Rhonda has been attending several weeks and has been in personal Bible studies. Her daughters, Heather, Kaitlin, and Emily, have been attending even longer. Rhonda also requests your prayers as she is Momma and Daddy to her three girls. John Fey, several months ago, started bringing Kaitlin and Emily. Shortly after that, Heather began attending and then, finally, Rhonda started attending. All because one person asked another to go to worship!

VBS. Bring kiddos! VBS is as successful as the number of children that are taught. All things are ready; bring kids! Thanks to Tim for the design of our VBS sign and to our EM teens for putting the final touches on the sign before Tim put in on the front lawn.

Youth At Camp. Most of our Teens are at Indian Creek Youth Camp this week. By the way, ICYC is in Oakman, Alabama, the hometown of George Davidson. They will be returning Friday. WILLIAM AND MOLLY DILL have had a long-standing association with Camp Wiregrass and next week they will be attending Camp Wiregrass. William's older brother and sisters and his Mom and Dad, Roger and Helen Dill, were at the very first session of Camp Wiregrass staying in tents. Roger was one of the founders of the camp and served as a director for many years. Lots of history with Camp Wiregrass! May they all have great weeks at camp!

Auditorium Class. Thanks to TIM STEVENS for the excellent job he did teaching 1 and 2 Timothy and Titus. Truly an excellent job! This Sunday TIM BAGENTS will be teaching Philemon. ALLEN CLEMENTS will be teaching Hebrews.

& Emily**

START EARLY, DO MORE

A neurologist at the Children's Hospital of Michigan has done research that reveals the great capacity of growing human brains to absorb information.

He discovered that by age 2, the infants cortex is operating at adult levels. At age 4, that child's brain is twice as active as the adult brain and continues at that rate until 10, when it begins to slow down. By 16, it has slacked off to the pace at which it continues through adulthood.

God's wisdom is seen in His stressing the importance of instilling in children the truths of His Word at an early age (Prov. 22:6; Deut. 6:4-7). By exposing them to a large quantity of Bible teaching in their early years, we can be instrumental in programming their "mental computers" so that they know the mind of God and think as He does.

As they reach adulthood, they then choose to have good, honest hearts that make them followers of the Lord (Luke 8:15).
